SPORTARREDO

THE SECRET OF OUR TAN

ITALIAN
DESIGN

Our history has been supporting the world of professional tanning for over 40 years, an heritage that Sportarredo team wanted to enhance and evolve with a renewed vision, where beauty and well-being of the skin are at the center of our daily work.

This vision leads us to develop solarium equipment with a minimal design, in full Italian style, together with our own MySun brand cosmetic proposals, all oriented towards a single result:

a tan in full respect of the skin.

SKIN
RESPECT

OUR PLUS:

3 YEARS PLUS WARRANTY FREE

All our equipments are studied to be solid, durable using quality materials that allow us to offer a **2 free warranty extension years**, in addition to the usual 1 year only legal guarantee.

0% MACHINE STOPS*

We design our equipment to make them durable, capable of working underneath stress in continuous cycles, without the need of expensive extraordinary technical interventions.

*given Sportarredo 2021/22 machine stoppages

ISO 9001:2015 QUALITY SYSTEM CERTIFICATION

ELECTRONIC MANAGEMENT AND ENERGY SAVING

Electronic ballasts enhance and maintain the performance of the lamps for longer time, as well as guaranteeing energy savings.

COLOR

We combine technological solutions with a stylistic choice with a clean character, for the simplicity of the lines and the chromatic strength of almost absolute white, but you can choose to customize your solarium with the color you prefer, in the plastics and finishes.

CONTROL SYSTEM

Traditional electronics or Touch electronics.
